

Oncore / Advarra

- Clinical Trial management system

This solution requires the following:

- Requirements are based on CRU policies.

HSC Qualtrics

- Qualtrics is Health Information Trust Alliance (HITRUST) certified
- Encryption of data in transit and at rest
- Offers survey security and sensitive data controls
- Accessible from an HSC managed device or HSView

The solution requires the following:

- Prior approval is required for each project before the WVU HSC HIPAA Qualtrics Brand may be used to create surveys for the collection of sensitive data. Approval from the Chair of the Department or Administrator of the unit is required.
- HIPAA data is only approved for storage in the WVU HSC HIPAA Qualtrics brand, not the WVU Qualtrics brand. Surveys that will collect health information may only be created in the WVU HSC HIPAA Compliant Qualtrics Brand and no other brand of Qualtrics.
- WVU Login account with MFA
- Users with access to the WVU HSC HIPAA Qualtrics Brand must only login from an HSC managed computer with DLP, or access via the HSC VDI environment (HSView)
- Additional cost for Data Loss Prevention (DLP) software for faculty and staff - Requirement for sensitive data

For assistance with the above protection solution(s), Contact the HSC IT Service Desk at (304) 293-3631 or hsc_helpdesk@hsc.wvu.edu.

Data Agreement Overview

Data Agreement Needed: Yes

Current and Pending Agreements: No Data Use Agreement in place or pending, or unsure

Funding/Sponsor: Test Sponsor

Other Agreements/Policies/Restrictions: No

IRB of Record: WVU

Next Steps

- A HIPAA Waiver of Authorization **is** required for identifiable data. Request the waiver [here](#).
- Submit your protocol to the IRB and attach this Data Protection Certificate.
- Once your protocol is approved/acknowledged, attach the approval letter to your [iLab request](#).
- Discuss your data sharing requirements with the WVU Office of Sponsored Programs. OSP will contact you in 1-3 business days or you can contact them directly.
- If you indicated that the project requires unapproved software for data collection, participant communication, or payment, the appropriate support staff will contact you within 1-3 business days.
