Updated eConsent Templates

The WVU OHRP has developed and released new eConsent templates. The eConsent templates have been updated to remove the permission to use email language, separated by use type (remote or in-person), and include updated descriptions to allow study teams to more readily identify which template is most appropriate for their study.

Updates

- 1. Updated eIC Worksheet:** The electronic informed consent worksheet, required for all expedited and full board protocols, as well as exempt, NHSR, and flex submissions with PHI has been updated and consolidated. There is now one worksheet option, regardless of protocol type. Please visit the [WVU OHRP Forms page](#) to download the most up-to-date version of the document.
 - 2. Updated eConsent webpage:** WVU OHRP has updated the eConsent webpage. Please visit our [Electronic Informed Consent webpage](#) to review the updates.

eConsent as a Service Pilot – Coming Soon

The WVU OHRP and WVU Research Office are working to provide a joint service for researchers to develop their eConsent process. Keep an eye out for updates later this year. In the meantime, if you have questions or want to schedule a help session, please email IRB@mail.wvu.edu.
